

Unity Gardening

A really big thank you to Sylvia Strickland, who helped me dig and plant a number of perennial flowers, grasses, and a clematis vine at the gazebo flower beds last week. Talk about tough, don't be fooled by her small stature, she can wield a spade and dig with the best of them! We have a few more things to plant. Also starting this week on Thursday, June 9th, from 8:00 a.m. - 11:00 a.m. we will have a regular time to work on the grounds to make it the outdoor sanctuary we all envision. If this time is not convenient and you would rather work in the evening just contact me at dk.grant@comcast.net. I may or may not be able to join you. What is needed the most is in the South bed's removing thistle. Weeding the other beds and trimming all of the dead branches in the bushes all around the building as well. Also if there is a man in the community who would like to help me keep the property mowed please make yourself known. We do not have an outside temple keeper as of yet, we are working on it but until then we need your help. Thank you!
