Important Information regarding Insurance Coverage for Climbing Skills Workshop / Santa Rosa – 8/18/17

Individuals who are participating and/or volunteering for our Climbing Skills Workshop using ISA insurance are covered by the ISA Climbers Event Policy. This includes coverage for set-up and tear-down of events (for volunteers) as well as during the event when in the climbing zones.

In the event of an accident, the ISA insurance policy provides \$50,000 (USD) in **excess medical benefit coverage**. This is not intended to be used as a primary medical insurance policy for those participating in this regional conference. Any deductibles or co-pays you may incur from any other policies will not be covered under this policy. Coverage will only apply if the individual filing the claim has signed the required release form.

As the coverage limit of the Climbers Workshop Event Policy may not be adequate if a major injury were to be sustained, ISA strongly recommends that you have personal medical or health insurance, or long/short term disability insurance through your employer, or a self-insured policy to cover your medical expenses in the event of an accident. If you have insurance provided by a national health care plan, please be aware it may or may not cover any/all of your medical expenses incurred while traveling outside of your native country.
