

# HOW MUCH DO YOU SAVE?

## Governor Healey's Energy Affordability Agenda

### 1. GET IMMEDIATE RELIEF TO CUSTOMERS

**SAVES \$220 MILLION NOW**

- Deliver a \$50 credit to every electric customer
- Governor Healey called on the DPU to lower gas rates

### 2. EXPAND DISCOUNT AND MONEY SAVING RATES

**SAVES \$2.47 BILLION OVER 5 YEARS**

- Make it easier to get discounted rates by moving towards automatic enrollment
- Help more people access savings with tiered discount rates
- Expand heat pump rates across utilities
- Help customers reduce energy usage with programs like ConnectedSolutions

### 3. KEEP COSTS OFF BILLS

**SAVES \$2.86 BILLION OVER 5 YEARS**

- Remove unnecessary charges on energy bills
- Rein in residential competitive suppliers
- Reduce electricity demand and reduce the need for electric infrastructure
- Distributed solar will lower energy prices for all customers

### 4. STABILIZE PRICES

**SAVES \$192 MILLION OVER 5 YEARS**

- Pursue long-term, fixed price contracts like the NECEC that are a better deal than volatile commodities
- Explore innovative rate designs that avoid bill shocks

Governor Healey's Energy Affordability Agenda will deliver immediate relief, lower bills, avoid unnecessary spending, and stabilize prices. Overall, the plan saves about \$5.8 billion.

This plan will deliver savings to residents and businesses across the state and provide them with additional opportunities to lower bills through money saving programs.
