

Interprofessional Continuing Education: Advancing Health Education For The Whole Team

The future of medicine depends on the ability of an entire team to stay well-informed on the most up-to-date best practices while working together for the best possible patient outcomes. The Centene Institute for Advanced Health Education™ was created to advance healthcare learning for the entire healthcare team.

The Centene Institute provides accredited continuing education that heightens the educational landscape of medical best practice to maximize quality of care and patient health outcomes. Empowered by innovative educational resources, the Centene Institute specializes in advanced, team-based learning through interprofessional communication. Our focus is on advancing every member of your healthcare team so they can deliver quality, whole-patient care.

Designed for collaboration, the Centene Institute's interprofessional continuing education program features:

- Accreditation
- Accessible for All
- Trusted Partnerships
- Open Learning Environment
- Team-Based Learning

Our course offerings are constantly evolving to keep pace with best practices to impact patient care across a variety of clinical fields.

Accreditation — In support of improving patient care, Centene Institute for Advanced Health Education™ has been awarded joint accreditation by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Trusted Partnerships — To create leading-edge educational activities, the Centene Institute collaborates with trusted industry partners who specialize in evidence-based practice, such as leading academic institutions and other recognized clinical leaders.

Team-Based Learning — Our courses encourage interprofessional teams to learn together so they are ready to collaborate on real-world, real-time solutions.

Accessible for All — The Centene Institute invites all clinicians to participate in the latest educational advancements in medicine through our online learning management system that can be accessed anytime from any device - so all professionals are informed.

Open Learning Environment — Collaborate with the Centene Institute using The Idea Generator and share your educational needs to improve the team-based care for your patients. With The Idea Generator, our audience is also our partner — offering topic ideas and the opportunity to have an active role not only as a learner but also as a speaker or planner.

**Learn together.
Work together.**
