Strategic Initiatives Updates

PA Meetings

Donna

- 2024 meetings will be virtual/in person
- Our next PA meeting will be May 16, 2024 and will be a virtual meeting

Beyfortis Ordering tips

- Ensure a mechanism to determine if mother received (Abrysvo).
- Babies born after 2/1 (assuming Beyfortus available 10/1) who didn't receive before the end of March 2024
- Babies born outside the prescribing time, flag a checkup to receive
- Consider a clinic to do a large group of catchup babies
- You likely need more 100mg doses than 50mg (once the baby is above 5kg)

GA Medical Board-Telemedicine

- The only issue currently under reconsideration is the requirement to see patient in person before/during treatment
- Currently, the board does not have on their radar prescribing out of state.
- Opportunity for physicians to contact board members asking them to address
- Information coming from Risk Management

Benchmarking

- The Salary Survey has been returned to the participating practices.
- Top Codes have been submitted to the credentialing committee for review
- Financial Benchmarking results compilation in process
