

Sola Gratia

Tune: Sursum corda

Like sparkling water grace flows as a stream,
Pure joy and love, inspiring all our dreams;
Like stars in heaven shrim'ring high above
Grace is the abundance of our God's great love.

God's grace confounds, forgives our many hates,
Disturbs, disrupts—like waves, it agitates,
Compels our stubbornness to bear the cross;
Such 'mazing grace comes but at such a cost.

Faith gives us freedom to reach out and care;
Christ is the Way, the Truth, the Life we share.
To glorify our God is our delight
And sing our praises morning, noon, and night.

So come approach the Living Water pure,
The well spring of God's mercies ever sure;
Be cleansed in love, receive God's gift of grace,
Go forth in peace our neighbors to embrace.

Alternative verse for Communion

We gather 'round the table of our Lord
And break the bread together in accord;
To share the cup of Jesus' gracious love
Fills us with joy and blessings from above.
