

The Off-Road Motorsports Hall of Fame has been established to recognize and honor those individuals and organizations whose lifelong contributions to off-road motorsports have set a standard for others to follow.

2017 CALL FOR NOMINATIONS

Thank you for your interest in nominating a candidate for induction into the Off-Road Motorsports Hall of Fame. Since 1978, only 83 individuals have been selected to receive off-road's highest honor. The road to induction in the Off-Road Motorsports Hall of Fame begins here, with the Nomination Packet.

Here are a few tips to make the process go smoothly:

- The Voting Committee is interested in the *quality* of the nominee, not the *quantity* of information provided.
- Read over the procedures, criteria, and list of current inductees on the following pages before starting.
- Give yourself plenty of time to compile the required information and complete the packet.
- Keep in mind that a Nomination Packet, once submitted, is valid for three years.

NOMINATION PROCEDURES FOR INDUCTION INTO THE OFF-ROAD MOTORSPORTS HALL OF FAME

1. A call for nominations will go out to individuals, key industry contacts, the management of a variety of groups, associations, sanctioning bodies, and event promoters who have a representative constituency in the off road community. A call for nominations will appear in selected print and electronic media. The distribution of nomination materials to the organizations' constituencies shall remain in the control of each organization.
2. The nomination packet will include the criteria for nomination, the procedures outlining the schedule of actions that will lead toward the final recommendations submitted to the ORMHOF Board of Directors, and a list of current inductees. A nomination deadline of April 30, 2017 will be noted on the nomination form.
3. Nominees will remain on the list of nominations for three years, if not inducted into the ORMHOF during those years, the nominee shall be removed from the nomination list and ineligible for nomination for another three years.
4. The nominator must submit the nomination on the forms provided in the nomination packet. The better the information provided on the nominee that fits the criteria contained in the nomination packet, the better the possibility of selection for induction into the ORMHOF.
5. Each nominator may nominate one or more persons. Each nomination must be submitted on a separate nomination packet.
6. Each member of the Voting Committee will receive a packet of information containing a list of current inductees, the nomination criteria and procedures, a list of nominees, and the biographical information submitted by the nominator for each nominee. The packet of information will be sent to each member at least three weeks prior to the Voting Committee's scheduled meeting.
7. In their scheduled meeting, the Voting Committee members present will review the Nominations for ORMHOF Induction and vote for the nominees to be inducted into ORMHOF, using the current voting method as approved by the Board of Directors. A maximum of five nominees scoring the highest will be submitted to the ORMHOF Board of Directors for approval as the Class of 2017.
8. Upon approval by the Board of Directors, inductees shall be inducted into ORMHOF at the Off-Road Hall of Fame Induction Ceremony on Monday, October 30, 2017, at the South Point Hotel in Las Vegas, Nevada.

IMPORTANT! PLEASE READ CAREFULLY

The quality of the information you provide in the packet will help the members of the voting committee evaluate the nominee more fully. Please follow the format in providing your supporting information on each nominee. As you develop your information, remember to pay close attention to the four criteria sections. The more complete and in-depth the information provided, the more likely the nominee is to be inducted into the Off-Road Motorsports Hall of Fame. Information should be complete but concise.

It is required that you submit a decent quality photo of the nominee with the nomination packet. It should be suitable for reproduction and use by ORMHOF if the nominee is inducted. We recommend the photo be a head shot in a portrait style. If possible, a digital photo is preferred. Email photo(s) to nominate@ormhof.org, with the nominee's name in the subject line.

The likelihood that your nominee receives the needed amount of votes by the Voting Committee to be inducted into the Off-Road Motorsports Hall of Fame is directly connected to the quality of information you provide to them with this nomination form. Simply stated, it is up to you as the nominator to present the nominee. If you are neat and the information is organized, and it is easy to understand why the individual is being nominated, it makes a statement about the nominee. If you are sloppy and the information is disorganized, it makes a statement about the nominee. What do you want your statement to say?

It is a competition; one that identifies the best of the best. If the form is incomplete it will be judged accordingly. Taking your time and doing your homework pays off.

It is important that you fully address the four areas of information outlined on the nomination form. In some cases, the space on the form may be inadequate to provide thorough documentation to support your nomination. In this case, it is suggested that you use the print and mail option of the packet, using separate paper to expand your information. The auto fill and email option has a character limit of 2,500 per page for each section, which in many cases, will be more than adequate. **Remember, the Voting Committee will be evaluating the *quality* of the individual, not the *quantity* of information provided.** Information should be complete, but concise. As you will see, the areas are quite broad, and not confining. Yet, we must require that you organize your supporting information, and organize it to address each of the four areas specifically.

Each of these areas should be referenced by the question number on each article of documentation. If you simply attach photocopies of old magazine articles, or other similar material without reference information, the members of the Voting Committee have no way of knowing why you thought it important to include with the nomination. It is up to you to connect documentation to a specific question number on the form. (If you use the auto fill and email option, supporting information can be provided by email to nominate@ormhof.org, with the nominee's name in the subject line.)

There are many deserving individuals in the Off-Road world who are legitimate candidates for induction into the Off-Road Motorsports Hall of Fame. Not all are household names. The Voting Committee may or may not be familiar with the nominee you present with this application. The better job you do to support your nomination, the more the Voting Committee members will understand the merits that qualify your nominee for induction in the Off-Road Motorsports Hall of Fame.

Take your time. Be thorough. It matters. If you have questions regarding the nomination process, please contact Barbara Rainey at the email address or telephone number listed below. Thank you.
