

Ignite Your SUMMER Business

With Weekly Goals for June!

To ignite your summer business, you want to be consistent and always be ready for business! Even if you consider your L'BRI biz very part-time, taking that part-time seriously can bring you serious summer profits to spend on special fun times for you!

You'll want to set a goal to have all kinds of L'BRI parties during the summer.

- ☀️ Make them fun and casual. They can be anywhere - at the park, around the pool, on the deck.
- ☀️ Offer a quick On-the-Go party – at an office, at a soccer game, in a restaurant or coffee shop.
- ☀️ Focus on body care and sun care products. Skin is in view so much more in the summer, people can make it look amazing with L'BRI.
- ☀️ Offer to share L'BRI with summer visitors.
- ☀️ Add a summer theme to the party - Sandals & Sangria, Strawberry Summer, Teacher's Summer Break, Fun in the Sun, Ice Cream Sundaes.
- ☀️ Can you think of other fun, summer time party ideas?

In addition to having parties, here's a challenge for you! Complete these additional activities to build your business during June!
