## TEACHER APPRECIATION WEEK

Shared by Senior Executive, LYNDA ALEXANDER

### EMAIL I SEND TO SCHOOL PRINCIPALS:

Treat your teachers and staff to some special pampering - FREE to the school - during Teacher Appreciation Days! Our teachers give so much and my company wants to say thank you.

I am with L'BRI PURE 'n NATURAL, an Aloe Vera based, hydrophilic skincare company. We have a non-surgical face lift that is amazing! Natural body butters, makeup and so much more!!

---

I would love to offer the gift of relaxation and share these incredible products with your teachers and staff during the months of April and May. They will receive pampering along with a quick makeover, if they choose. Everyone will take home a sample of our non-surgical face lift. Without affecting your budget, you can show your employees how much they are appreciated.

Each session will last 30 minutes and may be scheduled during their break, lunch or prep periods. They will be treated to a spa experience along with a non-surgical face lift sample!!

This event will be complimentary to the school while the value to your staff will be priceless. If you would enjoy appreciating them in this special way, please email me. The dates fill up fast in Palm Beach County!

Hope to hear from you soon,

*Your name*

L'BRI PURE 'n NATURAL

*Your email address*

Take a look at how to do it....

## HOW TO HOLD A TEACHER APPRECIATION WEEK EVENT:

Teacher Appreciation is the first week of May, but you can plan to offer spas to your local schools during any time frame you would like. Here are some ideas that I'm using:

### TOUCH ALL THE SENSES!

- Have spa music playing.
- Set up a display table with a few skincare, anti-aging, body and makeup products.

### PRESENTATION

- I do 4-8 guests at a time. As they come in with their group, have each guest sit down at a table with a mirror in front of them. I don't typically apply to faces because they usually have makeup on, so apply products to the back of their hands unless someone is there with no makeup. Happens here in Florida!!
- Have them apply the peel on back of their hand.
- Apply lip scrub, take off with paper towels/baby wipe. Apply lip balm.
- Eye Gel around one eye. This can be put on top of makeup.
- Put a little facial masque on the back of the same hand peel was on.
- Have them get comfy as they can, close their eyes, do deep breathing as you relax them for 2-3 minutes. They love just the quiet time.
- You can add any type of eye pads during relaxation if you want.
- Open eyes. While masque finishes drying, explain about L'BRI, why it is the best, why you joined L'BRI, and why it is the PERFECT opportunity. (Earn extra money during the summer while they aren't teaching.)
- Mist hand to remove masque. Ask them to look at the difference of their hands.
- Give them body butter for hands, feet, wherever they want to apply it.
- Hand out forms so you get their info, take orders, book!!! Let them look at makeup and book a GIRLS GONE GLAM session.
- Just focus on L'BRI products, opportunity and shows.

I do 30-minute sessions (20-25minutes for presentation and 5 minutes to set up for next one). It is a fast-paced busy day. But this one week can fill your calendar for the summer.

I do the same from Thanksgiving break to week before school is out for Christmas break. This is focused more on cash/carry gifts. I call it Santa Spa Day - Shop from your seat, not your feet.
