

BOYS & GIRLS CLUBS
OF FRESNO COUNTY

2025

Annual Report

Fresno County Needs Club Kids

Club Kids Need You.

To our friends at Boys & Girls Clubs of Fresno County,

We know this 2024-2025 annual report is arriving a little later than usual, and that's because there has been a lot happening across our organization. We've been busy serving our youth, strengthening our partnerships, and continuing the work that makes our mission possible. As we look back on the fiscal year, I'm grateful for the opportunity to reflect on a meaningful year for Boys & Girls Clubs of Fresno County. This year was especially meaningful to me as I began serving as President & CEO of an organization whose mission quickly became deeply personal. Special thanks to former CEO, Diane Carbray, for her incredible service which continued through June 2025.

This year, we took important steps to deepen our impact and broaden our reach. Through new and strengthened community partnerships, facility improvements, expanded programming, and opportunities that connected our youth with people and experiences they may not otherwise have had access to, we continued to meet young people where they are and help them build a pathway toward a great future.

There is still so much work ahead of us. We know there are kids and teens throughout Fresno County who need a safe place, a caring adult, and the opportunity to discover what they are capable of. Our vision is clear, and our commitment is stronger than ever.

I am incredibly grateful to the staff who show up every day for our Club members, to our Board of Directors and volunteers who champion our mission, and to the donors, partners, families, and community members who believe in the potential of our young people.

The future is bright for the youth we serve, and I am honored to lead an organization that is committed to making that future possible. Thank you for believing in our kids and for being part of the Boys & Girls Clubs of Fresno County family.

Sincerely,

Jason Hannold
President and CEO
Boys & Girls Clubs of Fresno County

Our Mission

To enable all young people, especially those who need us most, to reach their full potential as productive, caring, responsible citizens.

Fresno County Club Kids:

94%

are performing at grade level and on track to graduate.

91%

know what career they want to work toward.

80%

believe they can make a positive difference in their community.

83%

state that they take care of their feelings and emotions.

“Giving back to the West Fresno community means a lot to me.” said Jalen Green, “It’s a part of my childhood. I grew up here.”

Coming Home to West Fresno

It is a special moment when a former Club member returns to give back to the place that was part of their childhood. In August 2025, **NBA player and former Boys & Girls Clubs of Fresno County member, Jalen Green**, returned to the West Fresno Club, bringing with him school supplies, backpacks, and a message of encouragement for the next generation. More than 200 families joined Jalen for dinner and an evening together at the Club.

Today, Jalen is an NBA shooting guard for the Phoenix Suns, but his connection to the West Fresno community remains strong. We are grateful for the generosity Jalen and his family continue to show our Club members and for the example he sets by giving back to the community that was once his own.

Breaking Down Bullying: Teens Lead Through Conversation

Leadership starts with having the courage to speak up, listen to others, and take action. At the **Pinedale Club**, six teens did exactly that through **Keystone**, a leadership program for young people ages 14 to 18 who are ready to make a difference in their Club and community.

For their Keystone project, the teens created a podcast focused on mental health and the lasting effects of bullying. Through honest conversations about their own experiences, they explored what it means to overcome bullying, support one another, and create spaces where their peers feel heard.

Their podcast, **Breaking Down Bullying**, was recognized through Boys & Girls Clubs of America’s Keystone program, earning the Pinedale teens a Gold Charter distinction and an invitation to the **National Keystone Conference in Chicago**. It marked the first time since 2011 that six members from Fresno County attended the conference as Gold Charter members.

At the conference, the teens connected with other young leaders from across the country, participated in sessions focused on teen mental health and awareness, and explored ways to strengthen their leadership and advocacy in their communities. They returned home with new perspectives and a greater understanding of the impact their voices can have.

Representing **Fresno County** and the **Pinedale** community, **Julian A.** earned the title of **2025 Northern California Youth of the Year** before advancing to the California Youth of the Year competition in Sacramento, where he was named a state finalist.

Through the Club, Julian discovered his potential and began to envision a future in education. His experience as a **Youth Worker**, along with the encouragement of Club staff, inspired his goal of becoming a sixth-grade teacher. He hopes to help students navigate the transition to junior high and make a lasting, positive impact in their lives, just as the Club has done for him.

“No matter your environment, you can take ownership of your life and change the trajectory of your story.”

-Julian A.

Annual Donors

With grateful appreciation, we acknowledge the following donors for their generous contributions of \$500 or more between January 1, 2025 - December 31, 2025.

An asterisk () next to a name indicates that the individual has passed away.

Partner Highlight: FISH Fund

We are grateful to **FISH (Fund by Indian Subcontinent Heritage)** for investing in the futures of young people across the Central Valley. Through its annual Gala, this volunteer-driven organization raised more than **\$120,000** in support of Boys & Girls Clubs of Fresno County and our **Phoenix Curriculum**.

This program focuses on preventing substance use and reducing the influence of drugs and gangs in young people's lives. FISH's generosity helps us strengthen prevention efforts and create opportunities for youth to make positive choices and build brighter futures. We are proud to partner with an organization so committed to making a lasting difference in our community.

In celebration of serving youth, Boys & Girls Clubs of Fresno County launched its **75th Anniversary Capital Campaign** to strengthen our facilities, expand access, and invest in the future of our organization. Thanks to the remarkable generosity of our donors and community partners, the campaign raised **\$7.2 million**.

These funds helped bring several transformational projects to life, including the opening of a new Club in Reedley, the purchase of six new vans to safely transport youth, and an administrative expansion at the Zimmerman Club to support our growing staff and organizational needs. Campaign investments also funded important facility and safety improvements across multiple Club sites, creating enhanced environments for the young people we serve.

We are deeply grateful to every donor who invested in this campaign. Your generosity helped us accomplish many of the goals outlined in our case for support and strengthened our ability to serve local youth for generations to come. Your partnership has elevated our impact and positioned the Boys & Girls Clubs of Fresno County for an even brighter future.

Club Takeovers to Makeovers

A Fresh Space. A World of Possibilities.

Rooted in Community, Built for the Future

What began more than 30 years ago in a small **Fresno Housing** apartment unit in **Firebaugh**, has grown into a full-scale Clubhouse, transforming a former office building into a safe, welcoming space for members right in their neighborhood. The renovated **Firebaugh Club** features an expanded game room, art room, updated kitchen, fresh landscaping, and improved safety, creating more opportunities for young people to build great futures close to home.

Creating Space For What's Next

The **Zimmerman Club** received a refresh through our **Club Takeover to Makeover** initiative, with improvements throughout the main entrance, gymnasium, and training room. Fresh paint helped brighten these spaces, including the full-size basketball court where members gather to play and stay active. These updates create a more welcoming environment for our youth, giving them inviting spaces to thrive.
