3D SPORTS MEDICINE CLINIC PROUDLY PARTNERS WITH WHO WE PLAY FOR
TO PROVIDE ECG SCREENINGS FOR MCC ATHLETES

Have your child's heart screened for risk factors associated with Sudden Cardiac Arrest, the leading cause of death among student athletes.

Each screening is an additional \$15 and takes 5 minutes.

ECGs are safe, effective and noninvasive. All ECGs are interpreted by licensed Cardiologists who are experienced in reading ECGs for this particular population: the student athlete.
