

THE MONTANA SUMMER INSTITUTE

JUNE 17-20, 2025

REIMAGINING COMMUNITY HEALTH: UNCOVERING POSITIVE NORMS & ACTIVATING HIDDEN PROTECTIVE FACTORS

Join us at the **2025 Montana Summer Institute** for three and a half transformative days dedicated to advancing community well-being.

Through thought-provoking keynotes, interactive workshops, and engaging discussions, you'll explore innovative strategies that **leverage positive norms and amplify protective factors.**

Learn to uncover hidden community strengths, identify untapped opportunities, and craft impactful communications that drive meaningful change. With insights from leading experts and experienced practitioners, you'll gain practical tools to reimagine your approach to data, messaging, and the people you serve—all through a positive, effective frame.

Don't miss this opportunity to expand your expertise, deepen your impact, and shape **healthier, more resilient communities.**

Join us onsite in Big Sky, MT or online from anywhere in the world!
