## HISTORY AND MISSION OF THE GRADUATE SCHOOL OF APPLIED AND PROFESSIONAL PSYCHOLOGY

“The mission of GSAPP is threefold: education, research/scholarship, and public service. Its goal is to prepare well-educated, qualified, and competent direct-service psychologists who have a special commitment to community involvement and to underserved populations—professionals who can integrate scientific knowledge with innovation in the delivery of psychological services to individuals, families, groups, and organizations. Professionals receiving a degree in psychology should be capable of extending psychological knowledge, as well as exhibiting the high level of analytic skills and theoretical understanding needed to use existing and emerging psychological knowledge.”

**Core Values.** We are guided by four core values that are apparent in our learning environment, centers, and clinics:

1. **Academic excellence** in preparing students for careers in applied and professional psychology.
2. Commitment to **social justice** and helping **underserved populations**.
3. **Diversity** of students trained, approaches used, theoretical orientations followed, and populations served.
4. **Knowledge generation and dissemination** using contemporary research approaches.

## ALMA MATER

### On the Banks of the Old Raritan

From far and near we came to Rutgers,  
And resolved to learn all that we can;  
And so we settled down,  
In that noisy college town,  
On the banks of the old Raritan

Refrain:

On the banks of the old Raritan (my friends)  
Where old Rutgers evermore shall stand,  
For has she not stood  
Since the time of the flood,  
On the banks of the old Raritan.

Then sing aloud to Alma Mater  
And keep the scarlet in the van'  
For with her motto high  
Rutgers' name shall never die  
On the banks of the old Raritan.

(Refrain)
