# New Tennessee Driver License & Identification Cards

Summer 2024

## NEW LICENSE & ID CARDS

The Tennessee Department of Safety and Homeland Security (TDOSHS) will begin issuing new more secure Driver Licenses and identification (ID) cards. These new licenses will be produced via improved production and issuing processes, with a tamper-proof card construction, making attempts to alter or counterfeit even more difficult. This will also help combat identity theft by allowing TDOSHS to verify photographs stored in the system with customers presenting themselves for new documents.

## REAL ID

REAL ID is a nationwide effort intended to prevent terrorism, reduce fraud and improve the reliability and accuracy of state issued identification documents.

Federal law requires that a REAL ID be used for "official purposes," as defined by the U.S. Department of Homeland Security. This includes accessing federal facilities, domestic flights and entering military bases or nuclear power plants. Any citizen applying for a Tennessee Driver License, Commercial Driver License or ID Card is eligible for a REAL ID.

For more information on REAL ID, visit [tnrealid.gov](http://tnrealid.gov).
