

Keeping him safe from what he can't see.

With one simple, spray-on application, Matrix Antimicrobial delivers affordable, long-lasting protection from harmful microorganisms to keep your employees and customers safe. Traditional sanitizers can't promise that.

Matrix Products

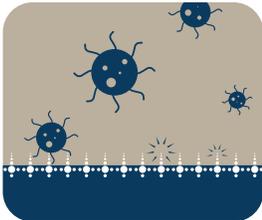

"Always On" Protection

Creates a barrier that stays in place, constantly killing microbes for up to 90 days!

Kills Mechanically

Surface of microscopic spikes destroys microbes without using any toxic chemicals!

Versatile and Safe for Long Term Use

Non-toxic, water soluble, and can be used on all surfaces, without discoloring or leaving residue!

Traditional Sanitizers

Momentary Protection

Kills microbes for the moment but allows contamination with the next touch.

Kills Chemically

Uses harsh chemicals to poison microbes.

Limited and Harmful for Long Term Use

Constant exposure to toxic chemicals can damage surfaces and leave a sticky film behind.

Use Matrix on your:

- Steering Wheels
- Seats & Sleepers
- Facilities & Equipment
- Door Handles/Gearshift
- Trailers
- And More!
