# Who is Protec Fuel?

Protec Fuel is a turnkey alternative fuel provider specializing in complete gasoline fleet fueling programs. We handle all aspects of the fuel program including:

- Supply and logistics of E10, E15 & E85 Gasoline along with ULSD
- Pricing: full year or spot price
- Fueling equipment
- References to other government fleet RFP's
- Petroleum displacement and emission reduction

# E85 Fuel for Fleets

- E85 has grown significantly since its debut in 1995
- There are 4,400 stations offering E85 today.  
200+ new stations 2016
- More than 50 million flex-fuel vehicles (FFVs) can use it and the number grows each day
- 40% of all vehicles produced by the Detroit big 3 are FFVs, more companies coming to the table

# E85 Environmental Benefits

- Ethanol has characteristics that make it highly attractive as the source of octane in a high-octane fuel
- Significantly increases RON (95-102)
- High heat of vaporization/charge cooling effects
- Lower CO2 emissions at part-load
- Reduces toxins emissions (benzene & 1,3-butadiene)
- Reduces PM, reduces RVP (vs. E10)
