

Hello Great Hearts parents,

Welcome to the 2019-20 school year. We hope your first few weeks have gone well and you're ready for an exciting and eventful year ahead.

Great Hearts Academies continually evaluates the offerings available to our students, to provide the richest student experience for the soul, heart and mind.

One of the activities we are considering is the formation of lacrosse teams, for boys and girls, within the Great Hearts network. We are in the preliminary stages, but have had enlightening discussions among students, staff, faculty, administration and parents. Many of our students currently enjoy and excel in lacrosse at the recreational, club travel and interscholastic levels.

This team will be parent-led and not associated with the schools. The season for lacrosse in Arizona is in the Spring and we will be sharing preseason trainings and clinics to get ready for the season.

The next step in the process is to learn who among our current Great Hearts families have students who play lacrosse and which students would have interest in taking up the sport should there be an extra-curricular lacrosse offering at Great Hearts.

Please take a minute to [complete this form](#), indicating your interest in the formation of a Great Hearts lacrosse team. If you have any additional questions or comments, please email GreatHeartsLacrosse@gmail.com.

Below are some recent news stories about lacrosse in Arizona and thank you for your consideration.
