

TRAFFIC PATTERN

- ALL students must be dropped off and picked up at the back of the building.
- Pick up and drop off only using our approved [Traffic Route](#). We will re-route any student waiting at the front doors to head to the back of the school.
- Please display your family name placard in your vehicle during pick-up.

DROP-OFF EARLY!

- Our Multi-Purpose Room doors open at 7:15 AM for all students. Feel free to drop off early if you do not have Archway students, or would like to drop off ACS students separately at Archway later that morning.

PICK-UP LATE!

- Middle School students will not be ready for pick-up until 3:15 pm at the earliest, as they must go to lockers and retrieve items before heading outside. We urge you to arrive after 3:40 pm. for pick up! Make a plan with your child before school, so they know you will be late. By picking up later, you will avoid the peak traffic times around our campus and Archway Scottsdale. Remember, our building is open to all students until 4:00 pm. on all full school days.
- **Earliest time to arrive at the campus for pick up: HS at 2:35PM, MS at 3:15PM and Families with Archway students at 3:20PM.** Coming earlier blocks other grades from picking up as there is no way your student will be ready.

PICK-UP REMINDERS

- If you arrive for pick-up prior to your child's dismissal time, you will be asked to circle back around or park and wait. We ask for your cooperation to ensure faster traffic flow - please wait until at least 10 minutes after the dismissal bell to arrive in our lot.
- Pull all the way up in the carline, so that we may maximize the number of cars in each rotation!
- Please turn right on Bahia as you leave the egress! Turning left slows down all cars behind you.

SHARED ACS/SPA FAMILIES

- All shared Archway Scottsdale/Scottsdale Prep families may opt for one drop-off and pick-up at Archway Scottsdale (if your youngest student is in grades K-2) or at SPA (if your youngest student is in grades 3-5 and has filed a SPA waiver permission slip with Archway Scottsdale). Our designated [pedestrian path](#) and crosswalk make this option very easy, but please do not attempt to drop your Scottsdale Prep student off while still in the queue at Archway Scottsdale. This practice is incredibly dangerous for your child.
