

Printer Groups for Ticket Printing

Features

- Enhance the current contract printing process to allow simultaneous printing to multiple printers including Faxing and Viewing to the screen
- Printer groups can be setup for direct printing through the Auxiliary printer only (regular Save and Print still uses only individual printers)
- Every printer in the group can use the printer's standard contract forms, ticket type (regular, delivery, pickup or kit ticket), and quantity of copies or special forms, ticket types, and print quantities can be defined for use in the group.

Setup:

Add new Printer group file in Codes and Setup, Printers and then Printer group tab:

Printer	Tkt Type	Contract 1	Contract 2	Work Order 1	Work Order 2	# of Copies	Final AR Copies	Final Other Copies
FAX	C					1	1	1
contract						1	1	1

- **Printer** – Enter the printer name to include in the group or enter “FAX” for VSIFAX or “VIEW” to display to the screen

The following fields can be used to cause the printer to act differently when used in the group. Fields should be left blank to default to the printer's regular settings.

- **Ticket Type** – Enter the Ticket Type to use for contract printing (Regular, Delivery, Pickup or Kit ticket)
Special Forms – If special forms are to be used, enter the forms name.
Contract 1st Pass Contract 2nd Pass
Workorder Warranty

- **Number of Copies** – Enter the number of copies to be used for printing from the group.
- **Number of Final Copies for AR** – Enter the number of copies to print for final tickets from the group.
- **Number of Final Copies for Non-AR** - Enter the number of copies to print for final tickets from the group.

Printer Groups for Ticket Printing

Printer Setup:

A Printer group can now be used with the default contract printer. This setting is controlled in Codes and Setup – Store Terminal Association.

The screenshot shows the 'Terminal Assoc' configuration window for store '100'. The 'Contract Queue' dropdown is open, showing a list of printer options. The 'multi' option is selected, which is a LASER printer with the description 'MULTIPLE PRINTER TES'. Other options include 'legal', 'lg', 'office', 'office2', 'officeb1', 'officeb2', 'pustuff', and 'rider'.

Printer	Type	Description
legal	LEGAL	USES A LEGAL SIZE PA
lg	GROUP	LEGAL GROUP
multi	LASER	MULTIPLE PRINTER TES
office	LASER	office
office2	OKI320	office2
officeb1	LASER	BACKPAGE 1
officeb2	LASER	BACKPAGE 2
pustuff	GROUP	PUSTUFF
rider	GROUP	

Printer Groups for Ticket Printing

Use:

Printer Groups can be selected from the View/Print/Send option. From the printer drop down, printer groups will also be included with a Type of “Group.”
