THE PLAN ROOM

A workspace built for the construction industry

2075 Kenmore Ave, Tonawanda, NY 14217

MEETING + EVENT SPACE

Host the meeting.
Then host the room.

A full-size training center for the education. A private lounge for everything after.

Two spaces. One address. Booked together or on their own.

The Plan Room is Western New York's workspace for the construction and design trades. Our two rentable event spaces sit under the same roof, so your group can move from a certification class or product training straight into drinks, golf and conversation without anyone getting in a car.
