CUSP trainings
are free thanks
to funding
provided by:

CUSP is a **FREE** stormwater management training program offered by the Chesapeake Stormwater Network. There are two online courses available under the CUSP umbrella, and you're welcome to join one or both!

Science & Stormwater Practices

This course introduces the basic impacts of stormwater runoff and how watershed restoration practices can reduce them.

Topics include:

- Urban hydrology
- Pollutants of concern
- BMP design/maintenance
- And more!

REGISTRATION

opens
MAY 26th
closes
JUNE 28th

Live instruction throughout
JULY, with assignments due
at the end of AUGUST.

Stormwater Policy & Programs

This course focuses on the core functions of municipal (or MS4) stormwater programs, including best practices for improving local watershed management.

Topics include:

- Education and outreach
- Illicit Discharge Detection Elimination
- Erosion and sediment control
- And more!

REGISTRATION

Live instruction throughout
OCTOBER, with assignments
due at the end of NOVEMBER.

opens
MAY 26th
closes
SEPT. 27th

LEARN YOUR WAY:

- ✓ Attend lessons live-online or asynchronously, whichever fits your schedule best.
- ✓ Dive deeper with additional resources

PROGRAM BENEFITS:

- ✓ Advance your career & grow your network
- ✓ CEUs and PDHs offered
- ✓ Gain both foundational knowledge and up to date best practices
- ✓ Networking opportunities during in-person, cohort-wide events
