

ANNOUNCEMENT:

Rosetta Stone Administration Changes

Beginning May 1st, 2018, all administration of the MFSUS Rosetta Stone licenses for CAF families posted to the U.S. will be handled by:

**Joanna Church
MFSUS
Virtual Program Developer**

This change is in order to more effectively manage the licenses that MFSUS has purchased for our U.S. OUTCAN families. This should help us maximize the usage of the licenses by as many families as possible.

What does this mean for you?

ALREADY USING ONE OF OUR LICENSES?

There is nothing you need to do. Your license remains the same. Just know that future communications regarding your ongoing Rosetta Stone usage will be coming from Joanna.

INTERESTED IN USING A ROSETTA STONE LICENSE?

You can learn French, English, or Spanish while in the U.S.
Simply contact Joanna!

She will send you the registration paperwork required to get started.
