

5 Key Steps to Strengthen Your Finances and Create Better Options For Your Family

In this presentation, Doris Belland, a financial literacy educator, speaker, real estate investor, and author of the book *Protect Your Purse*, shows you how to tackle five important aspects of your finances to get better results for your family. Drawing from her own research and a decade of helping families bounce back from difficulties, she will identify common financial weak spots and show you how to strengthen them. Her goal is to help you develop a solid financial foundation, using evidence-based information, while building the skills you need to thrive.

Doris Belland is a financial literacy educator, investor, credit repair specialist, speaker, and author of *Protect Your Purse: Shared Lessons for Women: Avoid Financial Messes, Stop Emotional Bankruptcies and Take Charge of Your Money*. In her early thirties, she became a widow and was left with \$400,000 of debt, which she repaid within two years. She has since developed a real estate portfolio, built two businesses, and worked closely with families to help them fix credit and cash flow issues. Doris is currently focused on helping women grow their financial confidence and develop better options for themselves through hands-on workshops, her monthly education group, speaking engagements, and her blog. <https://yourfinanciallaunchpad.com/>
