

Dear Colleagues,

This unprecedented time has inspired us all to look for new ways to gather, learn, and celebrate with our families and communities. Similarly, we have worked to reimagine JFNA's General Assembly and we are pleased to share more information with you about this year's first-ever virtual GA, which will take place October 25-27, 2020...online!

We are especially excited to encourage you, and every member of our Federation system, from local board members, donors, professionals, and key partners, to join us for this year's FEDERATION TOGETHER plenary, on Sunday, October 25 at 7pm ET. [Click here](#) to find more information about this important plenary, along with more details about the other events we are planning as part of this virtual GA.

We have also launched a process to identify workshop offerings that will take place on Sunday, October 25 and Monday, October 26. We encourage you and others in your Federation to bring forward workshop ideas through [this form](#).

In a couple of weeks, we will be in touch with more information about the personalized invitation process that will allow you to register and extend the Federation Together plenary invitation to your local Federation leaders and stakeholders.

In the meantime, if you have any questions, please contact [Shira Hutt](#).

We look forward to Coming Together with you on October 25.

Warmly,

Eric D. Fingerhut
