**JNF Staff Mission**

The JNF Staff visited The Stephen J. Harper Hula Valley Bird Sanctuary Visitor and Education Centre while on their mission trip.

On November 7th 2019 JNF Canada dedicated The Stephen J. Harper Hula Valley Bird Sanctuary Visitor and Education Centre, which was first announced at the JNF Toronto Negev Dinner in 2013 held in honor of the Prime Minister.

Why an education and visitors centre for Hula Lake Park?

This cutting edge centre, which will blend in with the surrounding landscape, will allow many tourists and locals to enjoy nature in the Hula Valley. The centre will educate the public on Hula Lake's birds and wildlife through recreational and educational activities throughout the year, and will draw more

tourism to the Hula Valley and the surrounding Upper Galilee region.

The visitors centre will provide a venue for connecting environmentalists and researchers from around the world, and will help foster relationships between scientific organizations internationally.
