FROM

The political engagement people

*You may be stuck at home this new year
But the political engagement people are still here
And do we ever have a resolution for you
Whether you support **Orange**, **Green**, **Red** or **Blue**
Awaken your political senses
And get off the fences
5781 might bring an election
That could determine Canada's direction
So volunteer to phone
From the comfort of your home
Democracy needs all of us to take part
Shana Tova - Let's get off to a great start!*

From our  CJPAC family to yours,
