## High Holiday Campaign

The Beit KKL-JNF Canada House in Sderot, the city closest to the Gaza border, will serve as an after-school education, empowerment, and enrichment center for high school students from Sderot and its surroundings. These students will be provided with the necessary tools and skills for academic and personal success.

Partner with us this high holiday season to help build the Beit KKL-JNF Canada House in Sderot, as we aim to close the educational achievement gap and foster academic success and empower youth in the periphery.
