

Strategic Plan Update #2

Following our November communication marking the Society's public announcement of our new strategic planning process, the infographic below shares more detailed information around the process.

TT Society Strategic Planning Process

INFORM Summer-Fall 2020

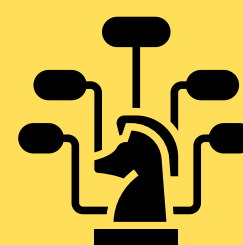

- Internal Launch
- Initial Information Gathering
- Board Training & Engagement
- Community Launch

CONSIDER Winter 2020-21

- New TT Society Mission/Vision/Values
- Stakeholder Feedback and Thoughts (Board, Staff, Parents, Greater Community)
- Report Back on Stakeholder Findings

STRATEGIZE Winter-Spring 2021

- Creation of Strategic Plan - Informed By:
 - Current Environment
 - Society Needs
 - Stakeholder Feedback
 - Governance Best Practices
 - Fiscal Responsibility

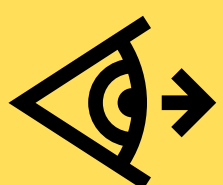

COMMIT Summer 2021 onward (3-5 year plan)

- Development of New TT Society Annual Planning, Measurement and Reporting Process Tied to Strategic Plan Objectives

We are currently moving from the "Inform" to the "Consider" phase. Work so far has included:

- Creation of a Strategic Plan Task Force under the TT Society Board of Directors (the Board)
- Hiring of an external consultant to provide planning and governance expertise and reports
- Interviewing a sample of past and current TT families
- Creation of a strategic evaluation (confidential information gathering) report
- Mission development and governance workshops to help clarify the direction and duties of the Board
- Community launch and public announcement

We are now starting work on the Society VISION and VALUES and will soon be sending out a community survey so that we can get your input on the future of the Edmonton Talmud Torah Society. Keep your EYES OPEN for our next communication in early January, which will have more information on this survey and how to share your thoughts with the Strategic Planning Committee.
