

Good morning and Malo elei lei,

Christmas is coming... bringing with it parties and pageants; cantatas and caroling; food and family. In the fullness of Advent we frequently find some of our old friends: busyness, stress and worry. What if this Advent we found a new friend: Hope. Join us on a journey as we re-discover that with a little intentionality Hope is Found:

- At the dinner table
- In the carols we sing
- In the stories we tell
- Around the Christmas tree
- In the candlelight
- In the manger and in the aftermath

Each week in worship, we will explore these themes, and discover hope all around us. When we are not in worship, we will be on a journey together using our daily devotional guide *Hope is Found*. Copies are available through the church office, with the proceeds supporting our backpack ministries. If you'd prefer a kindle version, you can find it [here](#). If you'd like an audio version of the devotional, it is available [here](#).

Grace and Peace,
Pastor Daniel

PS – I hope you and yours have an incredible and Happy Thanksgiving.
