

Good morning and Malo elei lei,

Can you believe that Christmas was only 11 days ago?

I know I can't. Our incredible and holy night of worship feels so close and yet so far away. There truly is something special and holy about our experiences at Christmas and Easter.

God feels close at hand... but what about those 'normal' days between the high and Holy days of Jesus' birth, the pain of his death and the new life of his resurrection?

I invite you to join us beginning this Sunday, January 8, as we walk through the Gospel of Luke and see how Jesus Unleashed Heaven in the 'normal' every day, and how he might do it in our lives too.
