**Expanding the Circle**, this year's LMTP Regional Workshops will be held in May. The PSD Lay Ministry Training Program Regional Workshops are provided each year and are meant to be open and inclusive in nature and everyone is welcome to attend. Ministry is a team effort...be part of the team in *whatever* way you serve. God places us when and where He wants - it then becomes our challenge to discover the many ways to serve.

**This year's topic: Serving Churches of All Sizes (especially during societal changes while staying true to God)** – a broad topic in its presentation. We will discuss how to work with limited resources and share ideas to develop tools that can help when churches face vacancies in their church staff. We are blessed to be part of the LCMS who has established processes for addressing several of these issues, and a District that is very proactive in its use of Deacons and PMAs. All who have a desire to increase their church knowledge while strengthening their walk with Christ are welcome to attend this very informative workshop. We hope you will join us!

The one-day workshops will be available on the dates listed below, **from 8:30 am – 3:00 pm**, and the **early registration cost is \$25 per person - \$35 on site**. Each workshop will be taught/presented by the Pastors of the churches and ministry teams where the workshops are listed. The information presented is standardized, in an effort to provide the same education and training in each location. **Please note: this does NOT replace the Continuing Education Conference in the fall – it is in addition to the Fall Conference.**

You may attend the workshop(s) of your choice.
