THE **HotRock**™ STORY

HotRock™ PRODUCTS ARE MADE WITH SSM ROCK SALT, ONE OF THE PUREST AND MOST SOUGHT AFTER DEPOSITS OF SODIUM CHLORIDE IN THE WORLD. THIS UNIQUE MINERAL CONTENT NATURALLY REFLECTS A PINK HUE THAT ENABLES PRECISION APPLICATION CONTROL WHILE SPREADING. EVEN MORE IMPORTANTLY, IT NATURALLY CONTAINS OTHER ICE-MELTING MINERALS AND IS PRODUCED IN GRADATIONS TO PROVIDE A LONG-LASTING NATURAL MELTING BOOST.

THESE ATTRIBUTES WERE THE INSPIRATION BEHIND THE **HotRock**™ BRAND. THIS MINERAL, ALONG WITH OTHER QUALITY INGREDIENTS, ALLOWS US TO DEVELOP HIGH-PERFORMING PRODUCTS TO MEET ALL OF YOUR SNOW AND ICE REMOVAL NEEDS, NO MATTER THE SCALE.
