END-OF-SEASON JOBSITE SAFETY

FINISH THE SEASON STRONG

Safety first. Safety last. Safety all the way to the final hour.

The last push is no time to rush. One shortcut can erase a season of safe work.

1 CLEAN UP WITH CARE

- Wear the right PPE for dust, debris and sharp edges.
- Watch hands, feet, cords, tools and pinch points.

2 KEEP 3 POINTS OF CONTACT

- Use 2 hands and 1 foot, or 2 feet and 1 hand.
- Use a tool belt or hoist. Do not climb with full hands.

3 LIFT AND DISASSEMBLE SMART

- Get help or use mechanical aids for heavy loads.
- Control stored energy, tension and shifting materials.

THE FINAL-PUSH CHECKLIST

- ☐ Slow down - hurrying causes injuries.
- ☐ Stay alert to fatigue, weather and distractions.
- ☐ Inspect tools and equipment before use.
- ☐ Secure debris, materials and equipment every day.
- ☐ Dress for cold mornings and warmer afternoons.
- ☐ Report hazards and near-misses before somebody gets hurt.

NO BUZZER-BEATER INJURIES.

Work with purpose. Work together. Everyone goes home safely, every day.
