# FHWA WORKSHOP

## DESIGNING FOR BICYCLIST SAFETY

**April 14-15**

(9am-4:30pm)

LUNCH, ON YOUR OWN

**Ed Ball Building**

214 North Hogan Street, Jacksonville, FL 32202

First Floor Training Room

Two-Day Workshop hosted by the Federal Highway Administration (FHWA) and the City of Jacksonville. Designed for engineers, planners, developers, and other transportation practitioners. **Modules will include:**

- Types of bicycle facilities
- Separated bike lane options
- Design users
- Economic benefits of investing in active transportation facilities
- Bicyclist Safety at Intersections
- Local design case studies
- Optional field visit (downtown ride)
- And more!

**CLICK HERE TO SIGN-UP**

Attendance will be confirmed for those self-reporting engineering professional development hours  
Please contact Matt Fall, Bicycle and Pedestrian Coordinator at (904) 255-7835 or MFall@coj.net
