Clouds of Witnesses Surround Us **(Verse 1-3: Choir, verse 4: Congregation)**

Robert A. Hobby

Choir: 1. *Clouds of witnesses surround us, Saints whose heritage we claim.
Christ's own love has bought and bound us One with all who bear his name.
Here, within this congregation, Trusting your strong Word alone,
Help us build on this foundation: Christ, the living cornerstone.*

2. *Holy Spirit's fire, falling Where your faithful people pray:
Fall on us, expectant, calling, Gathered in your name today.
Come, through word of mystic power; Come, through water, bread and wine.
Gifts of grace upon us shower; Christ's pure light among us shine.*

3. *Send us where your people languish, Lost in depths of sin, despair.
Send us where they lie in anguish, Wounded, wasted, bowed with care.
Lord, your Gospel's Word of freedom Let our lives, our lips reveal
Till the long awaited kingdom Comes this broken world to heal.*

This six week book study and discussion, ***Stretch Out Your Hand: Exploring Healing Prayer*** by Tilda Norbert and Robert D. Webber, offers practical ways for us to consider the varieties of God's healing love for individuals, institutions, and communities. The book provides an honest examination of the many difficult questions about prayer and the role of faith in healing. Through exercises and stories, we will be reintroduced to Jesus' healing ministry and to his vision of the church as a healing community. The book is available for purchase on Amazon. Can't join in person? Join us remotely.

Merchants of Doubt - Movie

NOVEMBER 10, 10:00 AM | NELSON HALL 207

Environment Subcommittee presents **"Merchants of Doubt"**, a sharp, satirical documentary exposing how charismatic pundits-for-hire pose as scientific experts to sow public confusion on issues like toxic chemicals, drugs, and climate change. Drawing parallels to magicians' misdirection and the tobacco industry's tactics, it's an eye-opening, well-crafted, and often infuriating look at manufactured doubt. Critics praise its engaging style and accessibility, making it a recommended watch for those interested in media literacy and science advocacy.
