About Us

Through philanthropic services, strategic investments and community leadership, Steuben County Community Foundation helps people support the causes they care about, now and for generations to come. The Steuben County Community Foundation is a nonprofit organization with assets totaling more than \$28 million. These assets are permanently invested, and the income is used for grants, scholarships, and community leadership.

Our Mission

"Connecting people who care with needs that matter to our community."

Our Vision

Serving as a community leader and improving the quality of life by assessing, supporting and coordinating philanthropic giving and endowment building

History

In 1991, a group of concerned citizens created the Steuben County Community Foundation (SCCF)—a formal, organized way to make charitable gifts that will address emerging issues and concerns of Steuben County forever. To this day, its purpose is to promote and preserve the lifestyle and assets of our community for current and future generations. By partnering with our donors, we have helped strengthen education, support the arts, promote civic life, protect our environment, and ensure strong health and social services.

What is an Endowment Fund?

An endowment fund is an ideal opportunity for you to create a legacy for you, your family, and your community. SCCF offers donors the ability to name, contribute, and decide the purpose of the fund. Establishment of a fund is easy, convenient, and inexpensive; it can be done in less time than it takes to open a bank account. We take care of all the administrative activities, allowing you to focus on being the grant maker.

Types of Funds

Donor Advised Funds

These funds are set up by an individual donor or donor family. Each year the donor has the opportunity to advise where earnings are granted.

Unrestricted Funds

These funds are entrusted to the SCCF Board of Directors for distribution. These funds allow for the betterment of Steuben County instantly and in a variety of ways to help keep this county beautiful.

Field of Interest Funds

These funds are designated for specific fields of interest such as the environment, women's issues, or specific geographical areas. The recipient organizations may change year after year.

Designated Funds

These funds provide grants to designated organizations or charitable causes every year. Designated funds are a flexible tool in the Community Foundation's repertoire, as they can be used to support a multitude of grants and nonprofits.

Scholarships

These funds are established by an individual donor, donor family, or group of individuals. Each year the earnings are granted as outlined in the funds agreement through the use of SCCF's scholarship committee.

Operating Endowments

These allow SCCF operations to continue in perpetuity, and allows donors to help us, and themselves, make a deep and meaningful impact in Steuben County forever.

Board of Directors Legacy Fund was established in 2018 by the family of Jim Stock for support of the Steuben County Community Foundation's operating expenses.

A Word from the SCCF President

At Steuben County Community Foundation, we like to think of charitable giving as a big puzzle. There are many great nonprofits and community causes that deserve support. They're providing food, shelter, education, support for animals, protection for the environment, and a hundred other services that are vital to Steuben County. At the same time, we work with donors every day who want to help make a difference in this community. SCCF is always trying to fit together those puzzle pieces, and it's been our motto for years — connecting people who care with needs that matter to our community!

We hope this Endowment Book demonstrates the diversity of causes that people have chosen to support in Steuben County, and their commitment to providing support for years to come. If you are passionate about a cause or a nonprofit organization and have questions about establishing an endowment fund, don't hesitate to contact us.
