

Steuben County
**Community
Foundation**

Where Giving Has Impact

ENDOWMENTS

**The Gift That Keeps
On Giving...**

February 2017

History:

In 1991, a group of concerned citizens created the Steuben County Community Foundation (SCCF)- a formalized and organized way to make charitable gifts that will work to address the emerging issues and concerns of Steuben County forever. To this day, its purpose is to promote and preserve the lifestyle and assets of our community for current and future generations. By partnering with our donors, we have helped strengthen education, support the arts, promote civic life, protect our environment, and ensure strong health and social services.

Endowment Fund:

An endowment fund is an ideal opportunity for you to create a legacy for you, your family, and your community. SCCF offers donors the ability to name, contribute, and decide the purpose of the fund. Establishment of a fund is easy, convenient, and inexpensive; it can be done in less time than it takes to open a bank account. We take care of all the administrative activities, allowing you to focus on being the grant maker.

About Us:

Through philanthropic services, strategic investments and community leadership, Steuben County Community Foundation helps people support the causes they care about, now and for generations to come. The Steuben County Community Foundation, is a nonprofit organization with assets totaling more than \$25 million.

Our Vision:

Serving as a community leader and improving the quality of life by assessing, supporting and coordinating philanthropic giving and endowment building.

Our Mission:

"Connecting people who care with needs that matter to our community."
