Get Started with Apps - Fife

Course Starts: Monday 13th - Friday 17th March 2017

Location: Stenton Campus, Fife College, Glenrothes, KY6 2RA

The Princes Trust are working in partnership with Artronix to deliver a five day taster course in Apps Development, with a focus on Virtual Reality. The programme will be delivered in the Fife region and is for 16-25 year olds who are not currently in education or employment.

This five day course includes:

- Learn how to create Apps for computers, smart phones and tablets
- Learn to use 360 degree cameras
- Learn to use editing software
- Create your own Virtual Reality headset
- Use a 3D printer
- Meet new people and increase your confidence
- Get three months follow-on support from The Prince's Trust

Who is it for?

This course is for young people:

- Aged 16 to 25 years old
- Looking to improve fitness
- Interested in coaching industry
- Not currently in education, training or employment
