

Improving Lives: the Work, Health and Disability Green Paper

Digital Communications

The UK government launched a national consultation on work and health on the 31st October 2016. We want health professionals to help us identify the best ways in which we can transform the employment and health support systems in order to get to a position where individuals are able to access the right services, at the right time, personalised to their circumstances. We want to support more people to play a full part in employment which enables them to progress and supports their health and wellbeing. Thanks in advance for your support throughout this campaign.

How you can show your support

- Follow [@DWP](#) and [@DHgovuk](#) on Twitter and share our messages
- Engage with our hashtag: #workandhealth
- Like DWP on [Facebook](#) and [LinkedIn](#) and share our messages
- Encourage your communities and networks to join the conversation
- Share a link to the consultation on your website, in emails and blogs: www.gov.uk/workandhealth

Please share messages of support on social media, for example:

Graphic 1

- **Twitter:** We are pleased to support the government's #workandhealth Green Paper. Have your say www.gov.uk/workandhealth
- **Twitter:** We're joining the #workandhealth conversation to help close the disability employment gap and improve support www.gov.uk/workandhealth
- **Facebook and LinkedIn:** We are delighted to support the government's Work, Health and Disability Green Paper and consultation on an issue that is very important to us. The government wants to know what you – the experts – have to say about work and health. We encourage you to join the conversation www.gov.uk/workandhealth

Below we have put together some suggested content for you to share throughout the consultation

Facebook and LinkedIn

Are you an occupational health expert? We want to hear your views on work and health and how best to improve support. Have your say www.gov.uk/workandhealth

Graphic 4

4.6 million disabled people and people with long-term health conditions are out of work. The government wants to change this! Too many people are falling into a downward spiral of declining health and being out of work. We want health professionals to tell us how to help people with disabilities and health conditions enter, progress and stay in work. Tell us how www.gov.uk/workandhealth
