

## Directions for Living

LIFE GETS BETTER HERE.

October 18, 2017

To Whom It May Concern:

Angels Against Abuse is a tremendous asset to at-risk children and families in Pinellas County. The partnership between Directions for Living and Angels Against Abuse has assisted 674 individuals that makeup 190 families, this year alone.

Angels Against Abuse are not only fast responders with essential resource for our children and families, but they are also the only organization that doesn't ask "what else have you tried". Their immediate response is nearly always, "can you pick it up or do you need to me drop it off".

Angels Against Abuse provides essential resources with no expectations of anything in return from the children and families served. They truly align their actions with their mission, not for recognition within the community. This alone makes them like no other helping agency in our community. Angels Against Abuse understands that the mission of protecting children includes ensuring that their most basic needs are met.

In the past year, Angels Against Abuse has not hesitated to fill any requests made. In addition, Angels Against Abuse stands apart from other helping agencies because they go above and beyond to make sure the community's needs are met. In fact, more often than not, Sandy will reach out and say, "just thinking about you; is there anything that you need".

When running the marathon of supporting at-risk children and families, it's a breath of fresh air to know you have Angels Against Abuse by your side!

If you have any questions or concerns, please contact me at [ALott@DirectionsforLiving.org](mailto:ALott@DirectionsforLiving.org).

Sincerely,
