INDUSTRY NOTICE

RE: Adjustment of Design Initiation Advance Fees

Effective January 1, 2023, NV Energy will adjust the design initiation advance fees for formal projects in southern Nevada. These fees cover the costs of work performed by NV Energy up to the point of execution of the line extension agreement, and will be applied to the customer's total project cost. If a project is canceled prior to the execution of a line extension agreement, the unused balance will be refunded.

Below is a table of the revised fixed advance fees by project type:
