SparkPlay

presented by  PLAYWORKS

SparkPlay is Playworks' subscription-based, online resource that supports continuous learning for school and youth development staff. It provides on-demand access to games, best practices, and professional guidance anytime, anywhere. The subscription includes weekly email touchpoints showcasing curated games, activities, and helpful tips.

SPARK YOUR LEARNING

SparkPlay includes a collection of resources to support your learning journey:

MULTIPLE GUIDED LEARNING PATHS

Dive deeper into topics including Group Management, Play Facilitation, and Play Systems to build foundational skills.

EXTENSIVE COLLECTION OF GAMES

Find games that you and your students can try on and starting playing today.

COMMUNITY DISCUSSION SPACE

Access an online community to discuss what strategies are working for people who share similar interests and challenges.

CURATED WEEKLY EMAILS

Receive emails with fresh game idea, brain breaks, and attention getters to try with your students.

GUIDE YOUR LEARNING

With SparkPlay you can choose between three guided learning paths developed from Playworks' nearly 30 years of playground experience. These paths offer evidence-based best practices, practical tips, and fun game ideas that are foundational to a well-run playtime. You can also access on-demand content to create an experience tailored to your organization's needs and interests.

GUIDED LEARNING PATHS

- Learn play-based strategies for managing kids' behavior in the classroom and beyond
- Develop skills for encouraging positive behavior through rules and consequences

- Learn to choose games that align with desired outcomes
- Develop skills for quick and effective game facilitation

- Learn to create safe and healthy play through equipment systems, visual systems, and adult roles
- Develop skills to support kids in initiating and sustaining their own safe and healthy play
