

The Arc of Chester County Advocates Society

The Arc of Chester County established The Arc of Chester County Advocates Society to recognize individuals and couples who have made provisions in their estate plans to provide a gift to The Arc of Chester County for the benefit of their community.

These gifts take the form of bequests by naming The Arc of Chester County not only in a will or trust, but also in a charitable remainder trust, gifts of life insurance, or any other type of charitable planned gift.

The Arc of Chester County Advocates Society was named after the group of parents who formed The Arc of Chester County in 1952. These pioneer parents wanted to ensure equal rights and access to services for their children with developmental and intellectual disabilities. The Arc's founders defied conventional wisdom by advocating and working for public education and community services and inclusion.

Today, The Arc serves people with disabilities and their families throughout Chester County and the surrounding areas through a lifetime of programs and services. The Arc's programs and services empower individuals to enhance the quality of their lives by preparing individuals with the skills and support they need for inclusion in the community and self-advocacy. The Arc promotes understanding, acceptance, advocacy, and inclusion for individuals with disabilities.
