Building a Ramp

By Southern Longoria

Building a ramp for another,
What all of these volunteers do.
And the young men who help them out,
This whole thing will inspire you.

To be a better person,
And in every single way.
Giving back is a blessing,
These people prove that today.

Changing a life by doing something
Nobody else wishes to do.
I don’t know anything about you all.
But I recognize the heart in you.

To everyone on your team, thank you.
For changing the life of somebody.
The most important thing this world can do.

Is give back to generations before
Who paved the way for you.
Like you are doing by inspiring the next who’ll be.
Looking up to you, thanking you for the leadership you do.

By simply building a ramp.
