

3/30/2022

Dear Pastor Jeff,

We have only met in passing, but I'm the accompanist for LCC, and I felt compelled to write you a personal note of gratitude in appreciation of how you and your team have chosen to share your

space with our community. Having lived + worked as a freelance musician in many different towns + states, I can tell you that it is a rare and precious gift to find a church so willing to lend their tremendous resources to those of us constantly looking for places to create.

Every time I have timidly asked Gabe about the possibility of using Trinity Lutheran for a piano recital, a recording session, or a rehearsal, he has come back immediately with a positive response from you. I simply cannot tell you what it means to me, and to all of us!

The way you take care of your pianos, your staff, and your community is an inspiration. Thank you for helping to fill the world with light.

Warmly!

Erin Zipper

The dragonfly is a symbol of strength among the Japanese.

Dans la culture japonaise, la libellule est le symbole de la force.

En la cultura japonesa, la libélula es símbolo de fuerza.
