

# Is Your Dog Artistic?

In the early hours of the morning when most people are wrestling with the problems of the world, are you kept awake by the age-old question, “Is my dog an artist?” At Wags to Riches 2024, we asked our demonstration dogs to let their creative sides come out. The four highly trained police dogs were asked to dig into the project, and they licked it with relish. Even the dog whose trainer was sure he wouldn’t participate seemed to enjoy it; in fact, he was the first to the cheese!

The process is simple: drop blobs of color on a canvas (colors of your choice), seal the canvas inside the Ziplock bag, place the bag on the ground and squeeze the cheese or peanut butter (your dog’s choice) on the outside of the plastic bag.

Anticipation is fun!

Turn the pup loose and watch their creative side come out!

Their paintings were auctioned at Wags, bringing in \$475!
