2020 PROFESSIONAL PHOTOGRAPHERS OF CALIFORNIA (PPC) STATE PHOTOGRAPHIC IMAGE COMPETITION RULES

Quick Reference:

- Rules & instructions.....p1-6**
- Additional information..... P7-11**
- Award forms..... p12-13**

The purpose of this competition is to allow photographers to enter photographic prints, digital files, and/or digital albums to be judged against a standard of excellence using the 12 Elements of a Merit Image. Entries in the Photographic Artist (PA) category will also be judged for digital, artistic, and technical proficiency. Through this competition, PPC members are also eligible to achieve PPC Exhibition Merits toward the California Master Photographer degree.

These rules pertain to images entered as prints or digital files created by traditional photographic processes, those captured electronically with a digital camera or scanner, as well as those created digitally:

1. All entries must be registered through PrintCompetition.com.
2. Entrants may submit prints, digital files or a combination for judging.
3. Entrants are required to upload a digital file for each image (print or file) entered.
NOTE: For print entries, the digital file submitted MUST match both the image and presentation. If, for example, the submitted print has a mat and the digital file does not show the mat, the entry will be disqualified.
4. No changes to your entry are permitted once the entry deadline has passed. No refunds will be issued after the entry fee is paid.
5. Entrants do not need to be PPC members to enter the PPC State Photographic Image Competition. However, only PPC members will be eligible for awards and merits, which are our member benefits. Also, entry fees differ for PPC members and non-members.
6. Entries previously merited at any PPC State Photographic Image Competition or Professional Photographers of America (PPA) International Photographic Competition (IPC) are not eligible, including any image from a merited album.

This documentation may be requested by PPC before, during, or after the competition.	For entries that are “Photographic Artist” in nature, follow rules under “Photographic Artist.” Otherwise, rules for all other categories apply.

4. Inclusion of guide images	Inclusion of guide images will lead to disqualification.	Entrants are encouraged but not required to include guide images so that the judges may understand the process used and techniques involved in creating the final image.	

5. The entrant must have obtained and have access to all necessary releases (model or property) and agree to hold PPC harmless against all claims and liabilities arising out of PPC's display, publication and promotion or other use of each image submitted to PPC.
6. Entries of the same subject in multiple images will be allowed, as long as the images are entirely different concepts.
