Connections Careers & Community

The EWI experience is based around our three core values: connections, careers, and community.
The value of each to our member firms and representatives is as diverse as our members themselves. Regardless of your employees' personal or professional goals, EWI offers a full spectrum of opportunities to build stronger skills, relationships, communities, and businesses.

Never-ending Networks are Here

- Representatives plug into a network of fellow business professionals, locally and internationally, to build their contact list.
- Discover opportunities within a diverse mix of member firms.
- Showcase your firm's products and services—more often than not, member representatives turn to their EWI network first.
- Representatives connect with like-minded people in similar positions with similar experiences.
- Representatives can find or be a mentor.
- Women exchange ideas and gain new perspectives outside of their business focus.
- Gain recognition as a business leader through various EWI Corporate projects.

Exceptional Careers are Here

- Your representatives have access to monthly professional development webinars and can attend conference workshops. They can share what they learn with non-participating employees to extend the value of your investment.
- Employees develop public-speaking skills in a supportive environment.
- Your representatives build and/or accelerate leadership skills through real-world leadership opportunities such as Chapter and Corporate Board positions—opportunities that are often hard to find on the job. They can also participate in EWI's Academy of Leadership Program.
- Representatives learn from leading experts in business and career development.
- Through participation, your employees demonstrate that they are eager to learn and grow.

Community Involvement is Here

- Reading Rallies.
- Local philanthropic initiatives.
- The Executive Women International Scholarship Program (EWISP) for high school students.
- Adult Students in Scholastic Transition (ASIST) scholarships for non-traditional students.
