For more information, please contact Marty Yurchak at (780) 842-1363 ext.1686 or [Marty.Yurchak@dcc-cdc.gc.ca](mailto:Marty.Yurchak@dcc-cdc.gc.ca)

## **5. One Stop Shop – Misc Groceries (W0127-21P004/A)**

**Closing Date:** 2021/10/05 03:00:00 PM EDT

Public Works and Government Services Canada (PWGSC), Western Region, on behalf of Department of National Defence, has a requirement for Regional Individual Standing Offer for the supply, delivery and offloading of One Stop Shopping items for rations, such as dairy products, eggs, meat, fish, poultry, fresh and frozen products, juice, beverages, and miscellaneous groceries to the Department of National Defence, Edmonton Garrison, Edmonton, Alberta, CFB Wainwright at Denwood, Alberta and 19 Wing Comox, BC, for use by Field Units, and Foreign Visiting Army Units, for deliveries within the geographical areas west of Thunder Bay, Ontario, including Manitoba, Saskatchewan, Alberta and British Columbia, including Vancouver Island, on an as required basis, for a one (1) year period, plus one (1) additional one (1) year rebid period, in accordance with the terms and conditions set out herein.

An estimated 80% of deliveries will be made to Wainwright, Alberta to support various field training.

Historically 3 Canadian Division has received request for assistance (RFA) to support provincial government in disaster response in the following locations such as floods in Winnipeg Manitoba, Calgary and High River, Alberta and forest fires in Alberta and BC and the recent pandemic situations. It is DND's intent to have branch locations and outlets to respond to these main locations as an emergency.

Personnel from the Canadian Forces will meet the Offeror's personnel at the specified points of delivery to receive the delivery.

The periods of the Standing Offers will be for one year, from November 1, 2021 to October 31, 2022, plus one (1) additional one (1) year rebid period from November 1, 2022 to October 31, 2023, with applicable refresh periods as indicated in accordance with the terms and conditions set out herein in Annex A and Annex B of this document. There will be one Standing Offer awarded for this requirement for each year.

## **6. WESM – RFI/LOI (W8476-216429/A)**

**Closing Date:** 2021/12/31 02:00:00 PM EST

Public Services and Procurement Canada (PSPC) is requesting industry feedback regarding the Weapon Effects Simulation Modernization (WESM) procurement on behalf of the Department of National Defence.

Annex A Questions to Industry is attached to this RFI. Industry is requested to review these questions and provide answers to the PSPC Contracting Authority identified under Article 5 Contracting Authority on or before May 10, 2021.

In light of the current COVID-19 pandemic, and its impact on government operations and those of industry, please inform the Contracting Authority if you intend to submit your responses to the Annex A questions after Canada's requested response date.

Please note that the published RFI closing date is not the deadline for comments or input.

### **2. Background Information:**

The WESM project will modernize the Canadian Army (CA) WES training system to enable individual and collective training in order to deliver combat effective CA units and formations.

The WES capability was acquired by the CA to address the deficiency in simulating realistic weapon effects during force-on-force field training exercises. The WES system provides soldiers the opportunity to train in the way that they would fight, utilizing actual weapons and vehicle platforms as they would be used in theatre and on deployments.

This capability provides data and products for effective after-action reviews to enhance the commanders' ability to train and evaluate the readiness of their troops in both an urban and rural training environment. There are four (4) instrumented static sites (with fixed exercise control center) located in Wainwright, Alberta, Gagetown, New Brunswick, Petawawa, Ontario and Valcartier, Quebec in addition to a mobile capability which can be used anywhere within Canada, and two (2) non-instrumented sites, one located in Edmonton, Alberta and the other in Shilo, Manitoba. The intent of this project is to modernize the existing WES capability potentially addressing: equipment obsolescence; updated operational requirements; and advancements in technology and international standards (such as those being developed under UCATT). The intent of this RFI is to seek information from industry; thereby allowing the Government of Canada to better define the options for the modernization of the Canadian WES System.

### **3. Schedule:**

Canada is finalizing the procurement schedule which will be communicated under a future RFI amendment.

Contact Contracting Authority Sandra Derby at 873-355-4982 or [sandra.derby@tpsgc-pwgsc.gc.ca](mailto:sandra.derby@tpsgc-pwgsc.gc.ca) for more information.
