

COTTAGE FOODS

UPDATE CLASS

**Are you a cottage food producer?
Do you hold a current certificate from CSU?**

This class is required for you!

Colorado passed the *Expanding Colorado Cottage Foods Act*, also known as the "Tamale Act."

This act goes into effect on **January 1, 2027**, and changes:

- Eligible foods (and related food safety requirements)
- Labeling requirements
- Income limitations
- Registration requirements

Take your update class now!

To stay up to date, all cottage producers with a current certificate should take this class before the end of 2026. If you are due to renew or are a first-time participant in CSU's Cottage Food Safety Training, please take the full class, which includes this updated information.
